2. YOUR ACCOUNT AND TRANSACTIONS

You must fill out and send to us an Application Form either electronically online, or on the printable form available on our website, or the one available with these Terms and Conditions. All mandatory sections must be filled out and any information supplied must be true and correct to the best of your knowledge. Any incorrect or unclear information supplied will result in either an outright rejection of the application or at the very least a delay in the opening of your client account.

Any losses that may be incurred by misdirection of contract details due to incorrect or out of date email addresses supplied by you are entirely your responsibility.

2.4 **ICM Capital Mauritius** is not obliged to open an account for any client and may refuse any application for any reason (without providing the reason for the decision to the client).

2.5 **ICM Capital Mauritius** reserves the right to close or suspend your account at any time by sending you a written notice of 5 working days in advance. Should **ICM Capital Mauritius** exercise

this right all open Positions shall be closed on **ICM Capital Mauritius** 's current quoted price and no new trades will be accepted. Any Position you may have in markets not quoted (i.e. that have closed for that day) shall be closed at the first price reasonably available to **ICM Capital Mauritius** on the next business day or, in the case of a market suspended for any, reason, closed under the terms contained herein.

3.2 We will deal with you on an execution-only basis at all times.

3.3 We shall not provide you with any advice on the merits or suitability of you entering into this Agreement or any Transaction contemplated by this Agreement and, will never provide you with any investment advice although we may at our discretion provide you with generic or factual information from time to time on the nature, the terminology and of the procedures involved with such Transactions or concerning factual financial data information. You should rely on your own

judgment when deciding whether or not to enter into any Transaction contemplated by this Agreement.

3.4 When we execute an order on your behalf, we will generally act in accordance with our order Execution Policy. A summary of our current Execution Policy has been provided to you.

3.5 We provide Contract Specifications in relation to the services that we provide and explaining various matters relating to this Agreement. You should read the Contract Specifications thoroughly before entering into any Transaction. If there is any matter that you do not fully understand then you should seek clarification from us before entering into the Transaction.

3.6 Any Transaction with **ICM Capital Mauritius** can only be made during **ICM Capital Mauritius** Quoting Hours for the market in question and within the permissible Size(s) (unless otherwise agreed by **ICM Capital Mauritius**). These are further detailed in the Contract Specifications. The minimum and maximum limits are set by us by reference to the normal market size for which prices are available on any relevant exchange or market and which offer live price information. The current minimum and maximum limits are available from us on request and are detailed in the Contract Specifications. We are entitled to vary these minimum and maximum limits and it is your responsibility to ensure that you know what the current limits are before entering into any Transaction. We also have the right to waive any Transaction Size limits with or without notice to you.

3.7 Our activities with you under this Agreement are likely to include margined transactions. Margined transactions are detailed further at Clauses 7 and 8 below.

3.8 Notwithstanding any other provision of this Agreement, in providing our services, we shall be entitled to take any action as we consider necessary in our absolute discretion to ensure compliance with Applicable Laws. You agree strictly to comply with all Applicable Laws. If we reasonably consider that you have not so complied, we may terminate this Agreement. **Clients are especially reminded that this applies to all forms of market abuse such as insider trading and to directors trading in shares of their own companies.**

3.9 **ICM Capital Mauritius** will not be liable for any losses incurred as a result of any interruption of power supply or electronic communication or information system or any event which prevents **ICM Capital Mauritius** from supplying such information in one or more of the markets in which we would ordinarily quote.

3.10 The client accepts that ICM Capital Mauritius, including its trading platform(s) and other related systems and relevant third parties may perform maintenance/updates or face a technical failure that may include shutting down, restarting or refreshing its systems/servers to ensure more effective operation of its trading platform(s) and/or other related systems. During system maintenance/updates, the client accepts that this may cause the trading platform(s) or other related systems to be inaccessible for a period of time. In addition, the client accepts that there may be mechanical, chart, software, misquotes, computer, telecommunications and/or electronic system failure/issues. In the event of system issues/failure/maintenance/updates, the client accepts that ICM Capital Mauritius bears no responsibility for any loss, including financial loss, caused due to any of the actions referred to in this paragraph.

4. PLACING TRADES

4.1 ICM Capital Mauritius is not obliged to accept any request to trade.

4.2 Transactions with ICM Capital Mauritius can only be made via an OTP or a DTP. The OTPs and DTPs have minimum computer software requirements (and further information is available on request). The platforms will be regularly updated and it is strongly suggested that clients should download and install the updates when prompted in order to achieve the most efficient platform functionality.

4.3 ICM Capital Mauritius quotes a two-way price in a Size acceptable to ICM Capital Mauritius involving a spread between the buy and the sell price. As the Client you may buy at the higher price or sell at the lower price.

4.4 When placing a Transaction, you must give your name and account number or username. Without this information no Transaction will be permitted even if it is to close an existing open Position. When transacting over the telephone the Transaction will only be accepted by ICM Capital Mauritius when we confirm that your Transaction has been accepted. The verbal acceptance of a trade by ICM Capital Mauritius does not negate either ICM Capital Mauritius's or your rights in the event of a Pricing Error.

4.5 All calls to ICM Capital Mauritius telephone lines are recorded, and you hereby agree to the recording of such conversations. All OTPs and DTPs retain chronological histories of all Transactions conducted over that medium (including Transactions entered by ICM Capital

Mauritius following an instruction by telephone) and an electronic audit trail of all client activity (although this is not guaranteed). All such records and recordings of telephone conversations are the exclusive property of **ICM Capital Mauritius** and may be used as evidence in any dispute.

4.6 Before access is permitted to an OTP or a DTP you will be obliged to enter your username or account number and password. When placing a Transaction via an OTP your confirmation will be via an email contract note. Transactions on a DTP will be confirmed via an on screen contract note. The contract is binding on both parties except for instances of a Pricing Error. **ICM Capital Mauritius** will treat Transactions placed via an OTP or a DTP as active on receipt of such an instruction and of its acceptance. Transactions placed via an OTP or a DTP will normally be confirmed at the time they are made by electronic means.

4.7 Your username, password and account number are extremely sensitive pieces of information. Any Transactions made on your account either over the telephone, an OTP or a DTP using either your username, account number or your password will be deemed as valid Transactions. You must not disclose your username, account number or password to any person (save disclosure of your account number to an Authorised Third Party pursuant to Clause 15). You must immediately inform **ICM Capital Mauritius** if you are aware or suspect that a third party has had access to your username, account number or password or that any person other than you (or your Authorised Third Party) is transacting on your account.

4.8 In the case of Transactions placed via an OTP or a DTP, **ICM Capital Mauritius** is under no obligation to recognise the domain from which a client is trading, and it is your sole responsibility to ascertain the legality of placing trades from your local jurisdiction.

4.9 A Transaction can only be placed on a current valid Quote. A price may change at any time after it has been quoted and before you have traded. A Quote made to you over the telephone is only valid for that conversation and may not be available on any subsequent telephone call. Quotes that have been given as 'indication only' are not valid and cannot be traded unless otherwise agreed by **ICM Capital Mauritius**. Quotes that have been qualified or Quotes that you have been told are no longer valid before you place your Transaction are also not tradable.

4.10 In the case of Transactions placed via an OTP or a DTP you may only offer to place a trade on the prices currently quoted on an OTP or a DTP. Such prices are indicative and on receipt **ICM Capital Mauritius** may, in its absolute discretion, reject or accept your proposed Transaction. Due to the nature of online trading systems and the potential unreliability, delays, misquotes of market

price feeds, **ICM Capital Mauritius** may in its absolute discretion remove or delete Transactions and any associated Transactions (i.e. any trades closing subsequently deleted trades) which have been made over an OTP or a DTP which in the opinion of **ICM Capital Mauritius** do not reflect the actual market prices at the time of the placement of the relevant Transaction. **ICM Capital Mauritius** will not be responsible for losses or potential losses sustained by you in trading on a rejected or cancelled Transaction. **ICM Capital Mauritius** is not responsible or liable for losses made with other companies on Transaction undertaken in reference to a rejected or cancelled trade.

4.11 The spot foreign exchange and commodities markets can experience extreme price volatility often referred to as "Hectic or Fast Market", it is particularly common during material economic or political events, such as news releases and monetary policy change. During such times it is common practice for the Capital Markets to execute orders manually and widen spread and place less reliance on automated systems. This practice can affect online price providers and may slow down their service to customers, increase re-quotes, human errors due to the extra time required to analyse the event and determine the fair market price. This may cause significant delays in trade execution and order processing while rates are cross-referenced to ensure valid execution. **ICM Capital Mauritius** relies more on automated system and execute trades automatically by our server to reduce delays, re-quotes and human errors and we maintain our fixed spread (except during very hectic market or holidays), therefore, protecting our clients stop-losses. Based on this, and to keep you informed of our policy in this regard, please be informed that **ICM Capital Mauritius** reserves the right to cancel any trade that has been confirmed by our automated system during major news, figure releases or fast market that does not reflect the actual market price or the price has been delayed due to inevitable latency issue, thus preventing traders abusing our automated system or fixed spread.

4.12 **ICM Capital Mauritius** does not allow scalping where the trading style is abusing our Automated Services for short term gain by sniping and hunting for on old price or wrong quotes or trading during illiquid market or trading during fundamental releases/news releases where the price on **ICM Capital Mauritius** Market watch could be delayed due inevitable latency issue or trade using expert advisors or other robots for abusive purposes. Customers are urged to trade ethically and not to try to take advantage of our competitive services. Customers will solely be held liable and will indemnify **ICM Capital Mauritius** from any damages or losses that may result from cancelling such trades. Clients are not permitted to Scalp or snipe.

5. TRADING

5.1 Clients should note that they are trading on the outcome of the price of a financial derivative, and will not be entitled to delivery of, or be required to deliver, the underlying product.

5.2 This trading does not occur on an exchange. Rather the trading occurs off- exchange or over-the-counter ("OTC"). As a result, **ICM Capital Mauritius** enter directly into a contract with you in respect of the financial instrument you wish to trade.

5.3 ICM Capital Mauritius reserves the right to discontinue an Islamic/SWAP-free account by sending 24 hours notice. ICM Capital Mauritius will invoke this right in case of suspicion of abuse, in which case ICM Capital Mauritius may, at its sole discretion, decide to close all open positions in the account and deduct or add swaps for all transactions currently and/or previously made in the account and decline from accepting any further requests from the Client to be exempted from SWAP.

5.4 The above provisions shall apply with respect to any constituent security of a securities basket or securities index and are also subject to any such adjustment being scaled back in proportion to the respective weighting of the affected security within the securities basket or securities index as we reasonably consider appropriate.

5.5 If a share becomes subject to a takeover offer, suspended, merger and stock split **ICM Capital Mauritius** reserves the right to close any or all trades at the closing of the day or the last closing trading price before the amendment.

5.6 In certain market conditions it may not be possible to close a single share Transaction with sizable market consideration in full at one price. Such a Transaction may instead be closed at a price reflecting the price at which **ICM Capital Mauritius** is able to transact any relevant underlying hedge but only during the trading hours of the Underlying Market (whether or not the relevant Transaction was opened during or outside the Underlying Market trading hours).

5.7 If the Underlying Market in relation to an existing open Position held by you becomes illiquid in any fashion, either leaving **ICM Capital Mauritius** unable to purchase sufficient amount of the underlying shares or contracts to cover your Transaction or Position or is unable to borrow the same in the open market, **ICM Capital Mauritius** reserves the right to close all or part of any such Transaction or Position at the current **ICM Capital Mauritius** Quote.

5.8 If a share or an Underlying Market is subject to dividends or fundamental news announcement, and the client with an existing open position in the same shares. ICM Capital Mauritius may close partial or all position in shares to bring the equity/margin level above 200%.

5.9 If you are trading in concert whereby multiple clients are placing identical trades then ICM Capital Mauritius may at its sole discretion treat this as one Trade. Therefore, if the combined size is greater than the liquidity of the market and slippage occurs, all clients may be treated the same regardless of their individual stake size and filled at the same level which will be where ICM Capital Mauritius was able to realistically able to trade in the Underlying Market.

6. OPEN POSITIONS

6.1 Positions may be closed at any time within ICM Capital Mauritius's Quoting Hours (except where the relevant market is suspended or not available for whatever reason) unless ICM Capital Mauritius notifies you otherwise. ICM Capital Mauritius may accept closure of Positions at other times dependent upon the market but is not obliged to do so.

6.2 You are not required to close a Position prior to the Expiry Date provided that your account is not in deficit. However, in certain circumstances and in accordance with these Terms and Conditions, ICM Capital Mauritius shall be entitled or may be required to close your Position prior to their Expiry Date notwithstanding that your account is not in deficit.

6.3 If the Expiry Date of a Transaction is not a recognised business day of the relevant Underlying Market, then the business day immediately preceding that stated will be considered as the Expiry Date unless an alternative is specifically stated in the Contract Specifications or ICM Capital Mauritius notifies you otherwise.

6.4 Open Positions will automatically close on their Expiry Date and at their expiry time (as are detailed in the Contract Specifications) at the ICM Capital Mauritius closing price on that day. We ask our customers with existing futures open interest to take notice of our market information sheet and act accordingly.

7. NEW ORDERS, STOP LOSS ORDERS AND LIMIT ORDERS

7.1 There are generally two basic order types available:

- New Orders; and
- Stop or Limit Orders.

7.2 New Orders are orders that are not connected to an existing open Position (although they may close existing Positions (unless where **ICM Capital Mauritius** expressly agree otherwise (see 6.2 above)) if, when executed, they create trades that are opposite to existing open Positions). **ICM Capital Mauritius** will accept the following types of new orders:

- Good Till Cancelled" means that the order will remain in effect until cancelled by you or until the market expires and **ICM Capital Mauritius** ceases to quote the relevant market;
- Good For Day" means that the order will remain in effect until the end of the **ICM Capital Mauritius** Quoting Hours for the relevant market for that day;
- Good Until" means that the order will remain in effect until the time and date requested by you when placing the order or until **ICM Capital Mauritius** ceases to quote the relevant market (whichever is the sooner).

7.3 All Good Till Cancelled/Good for Day/Good Until orders are based on an Our Quote basis.

7.4 A Good Till Cancelled order will only be valid during **ICM Capital Mauritius**'s Quoting Hours for the market concerned. If there is any form of gap between the close of the market as quoted by **ICM Capital Mauritius** on one trading session and its subsequent reopening either on the next session or, in the case of a Force Majeure, whenever **ICM Capital Mauritius** reopens said market, the Client's Stop will be executed at the **ICM Capital Mauritius** Quote based upon the first price that **ICM Capital Mauritius** is reasonably able to obtain in the Underlying Market.

7.5 Any orders placed as Stop Losses on open Positions shall:

- Be deemed Good Until Cancelled or until the contract expires or until such time as you close the relevant Position;
- Be deemed to be in respect of **ICM Capital Mauritius** Quote/Our Quote; and
- Be valid in respect, solely, of the market in respect of which **ICM Capital Mauritius** accepted the order and not for any other.

7.6 In respect of markets quoted by **ICM Capital Mauritius** outside the trading hours of the relevant Underlying Market, all orders are based on **ICM Capital Mauritius**'s Quote/Our Quote

and may be filled at the **ICM Capital Mauritius** Quote based on a price which is in **ICM Capital Mauritius's** opinion fair and reasonable in light of prevailing world markets at that time.

7.7 ICM Capital Mauritius will accept orders placed in any market during the hours in which **ICM Capital Mauritius** offers a Quote in said market. However no Stops or of orders any kind in any market will be executed outside of the **ICM Capital Mauritius** quoting hours for that market except by agreement with **ICM Capital Mauritius**. Upon the opening of any market quoted by **ICM Capital Mauritius** any currently actionable Stop, Limit or New Order will be filled at the first Quote for the relevant market that **ICM Capital Mauritius** is reasonably able to obtain with reference to the Underlying Market and the size of the order in question.

7.8 It is your responsibility to cancel any order that you no longer require. Any uncanceled order placed by you may be filled by **ICM Capital Mauritius** and may therefore cause losses to which you will be liable. In the case of Stop Loss orders if the related Transaction is closed by you the Stop Loss order will be deemed automatically cancelled. If the underlying Stop Loss on any open Position was actionable before you closed the open Position, **ICM Capital Mauritius** may at its sole discretion adjust the closing price of your trade to reflect the Stop Loss price.

7.9 An order will be executed when the **ICM Capital Mauritius** Quote reaches the price specified in your order or trades through the price specified. All Quotes are based upon an Underlying Market that is sourced from either a recognised global exchange (LSE, NYSE, LIFFE etc) or from a wholesale counterparty (a quoting bank or market maker). Our Quote may be higher or lower than the Underlying Market due to interest rate costs, dividends, scrip issues, stock splits, competitors' quotes or the weight of client business. The understanding of the definition of Our Quote is very important for the correct operation of your account. If you do not understand any part of its description we strongly recommend that you contact **ICM Capital Mauritius** for an explanation.

7.10 ICM Capital Mauritius is not obliged to inform you if an order is filled. It is solely your responsibility to ensure that you know at all times as to whether any order has been filled or is still active and if you are in any doubt whatsoever as to deal acceptance it is your sole responsibility to contact **ICM Capital Mauritius** immediately, in the first instance by telephone, in order to obtain clarification as to the validity of any Transaction.

7.11 Once a Stop, Limit or New Order level is reached **ICM Capital Mauritius** may at its sole discretion allow a client to amend this order before it has been actioned by **ICM Capital Mauritius**. Although, receipt of any confirmation of an order amendment is not binding on **ICM**

Capital Mauritius, ICM Capital Mauritius may at its sole discretion decide to execute the original order if the activation of that order occurred before the amendment was made. **ICM Capital Mauritius** shall not be liable for any Positions generated by clients' assumption of non-activation of a fairly executed order.

7.12 Unless otherwise stipulated, no orders are guaranteed and are subject to Gapping (which is detailed below at 7.14).

7.13 If a New Order is subject to Gapping (see 7.14) on activation and the order is actioned at a price that would also have activated any associated Limit or Stop orders, then the Position will immediately be closed with a loss to the client of the prevailing ICM Capital Mauritius quoted spread for that market.

7.14 In this Agreement "Gapping" refers to an occurrence whereby the market moves from one quoted price and that this second quote is significantly different to the first. Where such an event happens and where the second quote is through an order level (Stop Loss, Limit or New Order), when the first quote was not, this may trigger a Gapping event. There are a variety of reasons why this might happen. Some of the more usual are listed below, but this list is by no means exhaustive.

7.14.1 because the particular Underlying Market on which the order is placed has opened and started trading at a price significantly different from the previous session closing price;

7.14.2 Accordingly you must understand the potential impact of these events on any Order that you have on your account.

All orders (Stop, Limit or New Order) are subject to slippage on the market open. In a situation where slippage occurs during trading hours, any buy order (new or limit) below the market or sell order (new or limit) above the market and sell orders (closing or stop) below the market or buy orders (closing or stop) above the market may be subject to slippage. If any market gaps from one quoted price to another due to any market sensitive piece of information (such as a profit warning or an economic data release), then any order in place between these prices will be activated.

7.15 Where a series of orders may be filled to close existing open Positions and/or open new Positions then these orders will be filled by **ICM Capital Mauritius** in any sequence determined by **ICM Capital Mauritius**. If this results in subsequent orders having insufficient Trading

Resources for activation, then these orders will be cancelled. **ICM Capital Mauritius** will not look at an order filling sequences that may result in one order being filled and another failing, **ICM Capital Mauritius** will fill orders as and when they are seen by **ICM Capital Mauritius**, and at our sole discretion.

8. MARGIN CALCULATIONS

8.1 In general **ICM Capital Mauritius** only allows its clients to trade on Deposit Accounts (where money must be deposited before trading can commence).

8.2 You agree to provide to us and to maintain on your account at all times such Margin as is necessary to cover the Margin Requirement. Your agreement is repeated for every Transaction entered into by you and shall relate separately to each account, if you have more than one account with us.

8.3 The minimum level of cleared funds that you are required to maintain on your account at any particular time as margin against any open positions is referred to as the Margin Requirement. **ICM Capital Mauritius** may at its sole discretion alter the Margin Requirements on your account.

8.4 **ICM Capital Mauritius** will normally monitor the amount of Margin available for any Transaction but reserves the right to demand further Margin than may have been originally requested. In circumstances during high market volatility or depending on the weight of customer business or the trading style or before an important fundamental releases or due to general increase of margin for an instrument in the exchange or at the closing of the week, **ICM Capital Mauritius** reserves the right to increase the margin requirement by reducing the leverage offered and/or to increase the stop out level (equity/margin) from the agreed level up to 100% by giving a written notice. In such case if the stop out level is below 100% then **ICM Capital Mauritius** will hedge the positions or partially close them to bring the equity/margin at to above 100%. Customers will solely be held liable from any damages or losses that may result from closing the position/positions.

8.5 **ICM Capital Mauritius** maintains the right to close any client position/positions when stop out level (equity/margin) falls at 0% of the total margin requirement or the level agreed with the client. In case the balance or equity becomes negative as a result of stop out, **ICM Capital Mauritius**

reserves the right to claim the balance from the client to adjust the equity back to zero. As stated in clause 8.4, ICM Capital Mauritius reserves the right to increase the stop out level by giving a written notice to the client.

8.6 An order placed as a Stop Loss for a position may not necessarily reduce the Margin Requirement.

8.7 Notwithstanding any other provision of this Agreement, **ICM Capital Mauritius** is entitled, in its absolute discretion, to permit any trade for a Size which is above the recognised maximum single Size for a particular market.

8.8 The minimum IMR for any market and stop out level may be changed from time to time by **ICM Capital Mauritius** without notice to you (for example, during volatile market conditions or due to the illiquid nature of any Underlying Market). These new margin requirements and stop out level will be applied to all your existing Positions as well as any new Transactions. Most contracts' Minimum IMR is set out in the Contract Specifications which are correct at the time of publication. Margin Requirements which are not set out in the Contract Specifications or which have changed since the date of publication of the Contract Specifications will be quoted on request or posted on the website. It is your responsibility to ensure that you are using the most recent margin requirements applicable.

8.9 Occasionally new or temporary markets are created. These markets attract their own margin requirement that may not be published but will be available on demand.

8.10 You undertake to provide us with and to maintain on your account at all times sufficient cleared funds in order to meet the margin requirement, and such undertaking shall be deemed to be repeated each time you open enter into a Transaction. A failure to meet your margin obligations at any time is a Default Event and may result in us closing out your open Positions without notice to you.

8.11 Neither the funds on your account nor the margin applied to your Position(s) represent your total financial liability to **ICM Capital Mauritius**.

8.12 ICM reserves the right to increase margin requirements prior to the release of a dividend. If you hold long positions on the ex-div date, you will receive a dividend in the form of a cash adjustment(deposit). If you hold a short position on the ex-div date, you will be charged the

dividend amount in the form of a cash adjustment (withdrawal).

9. MARGIN CALLS

9.1 It is your responsibility to monitor your open Positions and all other relevant factors used to calculate Margin payable. **ICM Capital Mauritius** is not obliged to make Margin Calls of you at all or within any specific time period. We shall not be liable to you for any failure by us to contact you or attempt to contact you.

10. FEES AND PAYMENTS
